

24th March 2020

Coronavirus (Covid 19) Outbreak

We all have been monitoring closely the unfolding crisis that is gripping our nation, and indeed the world. As events evolved at speed yesterday, and in light of the announcement made by the Prime Minister last night, we have taken the decision to suspend **site works** with immediate effect.

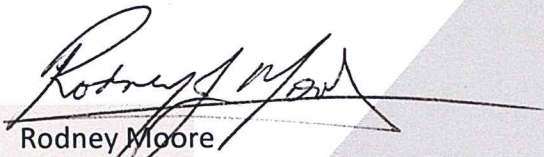

We have a duty to protect the well being of our workers, colleagues and contractors.

This is not a decision we have taken lightly, however in all good conscience we did not feel that our work could be classed as essential, nor were we confident that maintaining social distance could be achieved as a practical reality on site.

We are all connected to enable remote working, so we will continue to liaise around the things we can do in anticipation of a commencement of site activities.

We will monitor the situation on a weekly basis in anticipation of commencing site operations as soon as it becomes safe to do so.

Yours Sincerely
