

**Village Square Vehicle and Pedestrian route changes Wednesday 27<sup>th</sup> April 2022**

To enable construction of Block D (Sycamore View), we will be changing the way vehicles and pedestrians move in and around the Village Centre. Pedestrians will have a dedicated walkway indicated on the plan below by the blue hatched line. Vehicles will come into Little Stanion on the road currently used as the exit and will go out past the front of Chestnut House. Kesteven Way will be opened to both vehicles and pedestrians. The school drop off and teachers/public carparks will remain open, vehicles exiting these areas will cross over a new section of temporary road to merge into the main incoming traffic.

We thank you in advance for your patience whilst these changes are put into place.
